

## RAILROAD RETIREMENT BOARD

### **Agency Forms Submitted for OMB Review, Request for Comments**

*Summary:* In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collections of information to determine (1) the practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to the RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

*Title and Purpose of information collection:* Pension Plan Reports; OMB 3220-0089.

Under Section 2(b) of the Railroad Retirement Act (RRA), the Railroad Retirement Board (RRB) pays supplemental annuities to qualified RRB employee annuitants. A supplemental annuity, which is computed according to Section 3(e) of the RRA, can be paid at age 60 if the employee has at least 30 years of creditable railroad service or at age 65 if the employee has 25-29 years of railroad service. In addition to 25 years of service, a "current connection" with the railroad industry is required. Eligibility is further limited to employees who had at least one month of rail service before October 1981 and were awarded regular annuities after June 1966. Further, if an

employee's 65th birthday was prior to September 2, 1981, he or she must not have worked in rail service after certain closing dates (generally the last day of the month following the month in which age 65 is attained). Under Section 2(h)(2) of the RRA, the amount of the supplemental annuity is reduced if the employee receives monthly pension payments, or a lump-sum pension payment from a private pension from a railroad employer, to the extent the payments are based on contributions from that employer. The employee's own contribution to their pension account does not cause a reduction. A private railroad employer pension is defined in 20 CFR 216.42.

The RRB requires the following information from railroad employers to calculate supplemental annuities: (a) the current status of railroad employer pension plans and whether such plans cause reductions to the supplemental annuity; (b) whether the employee receives monthly payments from a private railroad employer pension, elected to receive a lump-sum in lieu of month pension payments from such a plan; (c) the date monthly pension payments began or a lump-sum payment was received; and (d) the amount of the payments attributable to the railroad employer's contributions. The requirement that railroad employers furnish pension information to the RRB is contained in 20 CFR 209.2.

The RRB currently utilizes Form G-88p, *Employer's Supplemental Pension Report*, and Form G-88r, *Request for Information About New or Revised Employer Pension Plan*, to obtain the necessary information from railroad employers. One response is requested of each respondent. Completion is mandatory.

*Previous Requests for Comments:* The RRB has already published the initial 60-day notice (79 FR 24762 on May 1, 2014) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

## Information Collection Request (ICR)

Title: Pension Plan Reports

OMB Control Number: 3220-0089

Forms submitted: G-88p and G-88r

Type of request: Revision of a currently approved collection of information

Affected public: Businesses or other for-profits

Abstract: The Railroad Retirement Act provides for payment of a supplemental annuity to a qualified railroad retirement annuitant. The collection obtains information from the annuitant's employer to determine (a) the existence of railroad employer pension plans and whether such plans, if they exist, require a reduction to supplemental annuities paid to the employer's former employees and (b) the amount of supplemental annuities due railroad employees.

Changes proposed: The RRB proposes to revise Forms G-88p and G-88r to remove information related to the reporting of 401(k) savings plans and to make other editorial changes. The RRB also proposes the implementation of an Internet equivalent version of Form G-88p that can be submitted through the Employer Reporting System

The burden estimate for the ICR is as follows:

Form Number	Annual Responses	Time (Minutes)	Burden (Hours)
G-88p	100	8	13
G-88p (Internet)	200	6	20
G-88r	10	8	1
<b>Total</b>	<b>310</b>		<b>34</b>
